from the

President

Dear Friends,

I am delighted to introduce the Elkhart County Community Foundation's (ECCF) Annual Report for fiscal year 2012-2013. This was a historic year for ECCF. As you read this report, you will likely note the \$4.6 million in grants and scholarships awarded through ECCF's various designated, donor-advised, field of interest and discretionary funds. Perhaps you will find interesting the \$143.5 million in contributions we received or the \$11.2 million in gains realized through our investing activities. I am humbly proud to report our assets grew from approximately \$46.0 million in 2012 to \$197.4 million in 2013. Yes, a historic year.

However, the foundation's mission work is not about asset accumulation. Our mission is "To improve the quality of life in Elkhart County, by inspiring generosity." To this end I am thankful for those with whom we work, both donors who choose to use ECCF as a conduit of their philanthropy and our partners working in the not-for-profit sector.

As you read this report, I am honored to state that the 2013-2014 year is off to an excellent start and includes yet another set of people and their impressive stories of generosity. In addition, the ECCF board continues to plan and prepare the foundation for our expanded responsibility as a steward of the resources entrusted to us. To this end, the ECCF board recently adopted six "Guiding Values" that will inform our conduct in the years ahead. These six guiding values are described below.

The ECCF will maintain an openness to all community ideas and requests from not-for-profit organizations (NPO's) serving the citizens of Elkhart County. However, based on the findings of the Community Listening Tour, the foundation will also focus and prioritize resources around transformative grant making in the areas of **youth development** and **quality of place**.

The ECCF will **preserve community volunteers as the leaders** and decision makers in the grant process. We desire that the community retain ownership of the community foundation. The foundation staff will build and support the administrative systems our volunteers need to guide the organization.

The ECCF will play an active role of **support to our Elkhart County based not-for-profit organizations**. Resources will be dedicated to coaching, peer-learning and professional development opportunities for those working in these organizations.

The ECCF will play a quiet but influential role within the community. For the most part, we want community ideas to develop at the grassroots level which will allow ECCF to "**lead from behind**" by partnering with community members passionate about a particular cause.

The ECCF and our not-for-profit partners will work together to become learning organizations. **We will use data and evidence to inform our activity and decision making** in a collaborative way.

Finally, the ECCF aspires to encourage generosity and volunteerism in our community. Opportunities and programs that **inspire acts of volunteerism and generosity** across the community will be highly valued.

Warm regards,
Pete

Founding Donors

Founding Donors are those individuals or organizations that contributed \$50,000 or more from the inception of the Foundation through June 30, 1995.

The names of the donors will always be prominently displayed in the Foundation Annual Report as **the original endowment builders and supporters of the Elkhart County Community Foundation.**

Sometimes
the greatest works
come from those...

who dare to
dream
