## A MESSAGE FROM THE EXECUTIVE DIRECTOR...

It has been a wonderful journey throughout the early months as Executive Director for the Jasper and Newton County Community Foundations. I have worked to develop an understanding of the framework of both community foundations throughout the last two decade. Our staff along with the guidance of the Jasper and Newton County Board of Directors and committee members will begin to formulate a strategic plan moving forward.

Looking back, we offered 65 grants in 2002 and more than \$73,000. Meanwhile, in 2012, we offered 125 grants and nearly \$250,000 in Jasper and Newton foundation, the significant advancement in just one decade is overwhelming. I am very grateful for the donors, volunteers, committee and board members in Jasper County and Newton County who have improved our communities and created opportunities for our citizens.

Moving forward, we will continue to focus on community leadership initiatives, increasing the collective impact of our grant funds, working to reach out and proactively fund activities to enhance our communities. In the coming months, you will learn more about our fund development strategies, electronic scholarship and grant application processes, as well as programs developing opportunities and continued education for our small business entrepreneurs throughout both counties. In the Foundation we are dedicated to fiscal and operational areas of growth that are "making a difference" and offering superior service our citizens throughout our two-county region. Together with its board and committee members, the Foundation will develop a plan to proactively determine needs throughout the community, as well as prioritizing the methods to fund those areas.

With that in mind, I ask you to determine your personal goals for your community. The essence of what we do is simple. Managing your gifts wisely, we manage your investment in our community. Together with donors we strengthen and contribute to the betterment of our communities.

I want to thank Dr. Kathy Parkison, President of the board of directors for the Jasper Foundation, Inc., and Russell Collins, President of the Newton County Community Foundation, for their leadership, as well as the board members and committee members. Your dedication is truly appreciated.

**KRISTEN ZIESE**

Executive Director  
Jasper Foundation, Inc.  
Newton County Community Foundation

*Jessie Klemp began her sophomore year at Butler University in 2013, majoring in Pharmacy. She is the daughter of Philip and Marianne Klemp. Klemp, is a 2012 graduate of Kankakee Valley High School.*

“ Reflecting on this past year, a lot has occurred in my life. These events would not have been possible if was not for the generous monetary scholarship I was blessed to receive. Last August I moved down to Butler University in Indianapolis as a pre-pharmacy student. After earning my doctorate of pharmacy degree in 2018, I hope to work in a hospital setting preferably with cancer therapeutic drugs. I also have interest in pharmaceutical research.

I absolutely love Butler and the surrounding atmosphere. As a Lilly Scholar, I was given the opportunity to be part of the Lilly Scholars Network. Through this organization I was able to volunteer with *Keeping Indianapolis Beautiful* by helping to build a community garden for a struggling suburban area. The Lilly Scholars Network as has led to new friendships and networking opportunities. In the first weeks of school I decided to join Bulldogs Against Breast Cancer; a club that does various service projects throughout the year to spread breast cancer awareness and raise money for research treatment. We hosted a charity dance, sold t-shirts, and hosted breast cancer awareness week on Butler's campus. During my first Bulldog days, I decided also to join a professional pharmacy fraternity, Lambda Kappa Sigma. Through Lambda Kappa Sigma I have had many service opportunities such as helping to sell concessions at Butler Basketball games, which also was a ton of fun! Lambda Kappa Sigma has also offered a lot of academic assistance with me pre-pharmacy classes.

None of this would have been possible without being honored as a Lilly Endowment Community Scholar. Thank-you again for this amazing blessing and opportunity.

**-JESSIE KLEMP**

*2012 Jasper  
County Lilly  
Scholarship  
Recipient*

---

“ I spent my freshman year of college at Indiana University studying business. I went into school with my major as Business Management, but after all that I've learned my freshman year, I decided to change my major to Finance and Economic Consulting. My current plan is to use these two degrees to work as a Financial Consultant in Indianapolis. I'm also pursuing a Spanish minor that I should be able to complete by the end of my sophomore year.

I have found so many clubs that I enjoy at Indiana University. The first organization that I became involved in was the Student Association which is campus-wide student government at Indiana University. I'm also involved in the Student Athletic Board as one of sixteen directors, and I'm the Briscoe Center President in the Residence Hall Association. Through these organizations, I've been able to learn more about my own interests and what I want to do on campus. I've also met some amazing people.

After my first semester, I was named a Founder's Scholar because of the cumulative GPA that I currently have. My goal is to be named a Founder's Scholar each of my four years at Indiana University.

I think the most amazing experience I had my freshman year was my ten day study tour of India during the Maymester. I was accepted into a program facilitated by the Kelley School of Business that takes 30 direct admit business students to India each May to study business in India and learn more about the country and culture. I was a part of an eight week class on campus to learn more about Indian history and business, and then I traveled to India with my classmates. This was an amazing experience that I will never forget. I was able to see national treasures like Gandhi's memorial and the Taj Mahal, and I learned valuable lessons about offshoring and corporate culture in India that will help me at Indiana University and in my career. This was an eye-opening experience, and I hope to study-abroad again.

My freshman year at Indiana University has been an amazing experience, and I look forward to the next three years I'm able to spend in beautiful Bloomington, Indiana.
