1998 Warren County Community Foundation 2013

Serving Donors, Awarding Grants, and Providing Leadership in Warren County, Indiana

2013 Annual Report

Leaving A Legacy

Foundation Celebrates 15 Years

The story begins fifteen years ago, when a few visionary residents dreamed of a community foundation for all of us where donations could be invested together to grow, where anyone could become a donor, and earnings could tackle our urgent challenges and seize promising opportunities for our community...

The Warren County Community Foundation was organized on April 8, 1998 as an affiliate of the Covington Community Foundation. Eleven community members, led by Ernest Slauter, joined the first Board of Directors offering an exciting opportunity for the people of Warren County to make a profound difference in the quality of life enjoyed in our community... forever.

Warren Central; enhancement of recreational facilities in Williamsport, Pine Village, West Lebanon, and Cicott Park; a new 4-H Livestock Barn, sidewalks, and restrooms; and the Warren County Industrial Park. Since that time, the Foundation has continued to grow permanent assets that impact our community over time by awarding over \$150,000 each year in grants and scholarships.

In 1999 the Foundation moved to its present location at 31 N. Monroe Street in Williamsport – a gift from generous donors! WCCF disaffiliated from Covington Foundation and became an independent public foundation and continued with the business of serving donors by building endowments, awarding grants, and proving leadership in Warren County.

Lilly Endowment's "Giving Indiana Funds for Tomorrow" (GIFT) matching grant initiatives for community foundations provided over \$2,000,000 to Warren County from 1998 to 2002. Funding provided for projects such as: the Williamsport/Washington Township Library; a new fire truck for Pine Village; the construction of the Falls Junction in Williamsport; a new communication system for Seeger and

excess of \$9 million have been awarded to help friends of Warren County fulfill their dreams of making our immediate world a better place today and tomorrow.

What is your legacy? As a donor and friend of the Foundation, you decide when, how much, and the purpose of each gift. Your charitable passion might include education, historic preservation, or serving the less privileged – the possibilities are endless! The generosity of the community is evident by the establishment of 51 permanently named funds that each has a unique charitable purpose to provide scholarships and support the non-profit organizations in Warren County. In the 15 years since inception, grants in

As we enjoy the heritage created by those who went before us, each of us has the ability to help shape the future of our community by supporting the Foundation.

Dear Friends,

Regardless of whether you are a member of a family which has called Warren County home for generations, or are a transplant to our county from another community, we are sure that you feel, as we do, that Warren County is the absolute best place one could call home. There are many reasons to love Warren County, but the most obvious reason is the fact that we have an abundance of remarkable people who call Warren County home. There truly is a sense of community where countless numbers of people are willing to help those in need, who daily demonstrate the true spirit of giving, and who make this such a special place to live.

On behalf of the Warren County Community Foundation, we would like to express our deep and sincere appreciation for the opportunity to serve the Warren County Community. We believe that a stronger, more vibrant community is possible and achievable through your generous support of our mission. Thank you for donating your time, talent and treasure.

John Larson, Board President

"The Foundation is a long-term and valued friend. We are focused on providing valuable solutions to those who need it most. I am pleased to be part of an organization of friends helping friends; working toward a common goal and seeing a better, stronger future."
-Carol Clark, Executive Director

"The Community Foundation is a tangible way to harness emotions during times of grief and channel them into action in our community. Flowers quickly wilt, donations to WCCF do not."
-Tony Martin, former board member

United Way

"I am proud that I was able to serve as the second Executive Director of the Foundation. Over the years WCCF has enabled many to contribute time, talent and money to improve life for community members of all ages. As the years pass it is good to see new people ready to step up and continue to work for others through WCCF. I am confident the people of Warren County will continue these good works."
