# 2006 Annual Report

# Community Foundation of the Mahoning Valley

# Our Donors. Our Non Profits. Our Community.

It is our pleasure to issue the 2006 Annual Report of the Community Foundation of the Mahoning Valley. As we pause to reflect on our first five years as a fully operating foundation, we also see the beginning of a brighter future for our community. Our story is a compelling one and cannot adequately be told without first taking the opportunity to thank those who have made our mission successful and whose generosity will be felt for generations to come. For all who have touched the Foundation, we are grateful.

All community foundations are tasked with building bridges that span three very distinct constituencies – donors, the non profit sector, and the community at large. The most successful community foundations foster synergies that react seamlessly to the needs of each group. Our 2006 Annual Report is a reflection of the ability of those three very distinct constituencies – our donors, our non profits, our community – working in tandem to strengthen the Mahoning Valley.

It is with pride that we submit our 2006 Annual Report to our donors and friends.

# Young Philanthropist Fund

# Philanthropy is learned.

Community foundation boards are dedicated to uncovering solutions to social problems while building upon the strengths of the communities they serve. Understanding that the population is declining in Mahoning

and Trumbull Counties and that the loss of many of our area's earliest philanthropists to retirement communities outside the Valley will impact charitable giving, the Community Foundation of the Mahoning Valley Board of Directors began seeking alternatives. The goal was to create an infrastructure that would facilitate the teaching, learning and practice of philanthropy among the younger segment of our community, a segment recognized as being a true strength.

Through a partnership with the Mahoning Valley Professional 20/30 Club, the Youngstown State University Student Government Association,

The 2006 Young Philanthropist Board

Youth Leadership Mahoning Valley and others, the Young Philanthropist Board was formed. The Young Philanthropist Fund was created by individual contributions and by funds raised by events, most notably the 40 Under 40 Awards Event. The Fund received its first grant applications in October 2006, and the first grant from the Fund will be made in March 2007. Raising funds, reviewing grant requests, performing site visits and recommending grant awards to the Foundation's Board of Directors is the learning component. The Young Philanthropist Board is also practicing critical skills necessary to become effective non profit board members.

The Foundation is proud to present the Young Philanthropist Board to the Valley, and is dedicated to fostering youth philanthropy. Special thanks is extended to Carol Sherman, Young Philanthropist Fund Board Mentor, for her leadership.

The Foundation invites the Community to support our Young Philanthropists. Contributions may be made at any time, in any amount. A form may be found on page 4 of this report, or you may contribute at www.cfmv.org/donatenow.

# Professional Advisors

## Community Foundations Foster Long Term Relationships Built by Teams of Experts

The Mahoning Valley boasts many excellent financial and legal advisors who share a rich philanthropic history and effective strategies to assist donors in meeting their charitable intentions. The Foundation is proud to share our mission with our area's financial and legal advisors, and encourages our donors to work closely with their advisors to champion philanthropy.

## For our professional and legal advisors...

Professional advisors have played a key role in increasing the Mahoning Valley's philanthropic resources, by working with the Foundation to help clients achieve their charitable intentions. Encouraging philanthropy also promotes goodwill for advisors. A recent article in *Trusts and Estates* ("The Disconnect", April, 2005) suggested that "some donors feel significant spiritual and emotional satisfaction, intellectual stimulation

and fun generated through their philanthropy." Other motivators, such as tax relief or an effective alternative to a private foundation, may be best addressed by the Foundation. Whatever the motivation may be, we can help you form a plan to address your client's unique interests and goals through an array of giving options. The variance clause built into our agreements ensures that the donor's wishes are met even if the original intent of the fund becomes obsolete over time.

The Foundation is guided by a Board of Directors chosen in large part for proven community leadership, philanthropic commitment and knowledge of the Mahoning Valley. The Board has a particular sensitivity for identifying and addressing current and emerging needs.

Encourage your clients to remember the Foundation in their estate planning. Many significant gifts may also be made during a donor's lifetime. We ask all professional advisors to discuss charitable giving with their clients. We ask all donors to encourage their advisors to include charitable giving as part of their counsel to other clients. Together, we can expand an already rich tradition of giving in the Mahoning Valley.

The Community Foundation of the Mahoning Valley is classified by the Internal Revenue Service as a not for profit, tax exempt 501(c)3 charitable organization. As such, all gifts to the Foundation are tax deductible to the maximum extent allowed by law. As a public charity, the Foundation pays no excise tax and is free of many administrative costs and restrictions placed on private foundations, thus making the Foundation an attractive alternative. If you have not worked with us in the past, we would welcome your inquiries by phone, or at <a href="https://www.cfmv.org">www.cfmv.org</a>. A special thank you to all advisors working with us to promote philanthropy.

# Collaborations Strengthen Communities

Community foundations act as conveners and work to foster collaborative efforts. The Community Foundation of the Mahoning Valley's Board of Directors recognizes the need to showcase, encourage and strengthen philanthropy. The goal is to involve more for the benefit of all.

#### Mahoning Valley Grantmakers Association

The Mahoning Valley Grantmakers Association is an association of our area's most active grantmakers, convened by the Community Foundation as its founding member. The Association meets regularly to discuss and evaluate the current needs of our community as well as the challenges we will face in the future. The Association has created a network among grantmakers and has helped to raise awareness and expertise among its participants. The Community Foundation salutes our peers for the work they are doing in our community and thanks them for their support of the Mahoning Valley Grantmakers Association.

#### Ohio Grantmakers Association

The Community Foundation of the Mahoning Valley is proud to be a member of Ohio Grantmakers Forum. Ohio Grantmakers Forum is an association of foundations, corporate contributions programs and other grantmaking organizations. The OGF mission is to promote leadership for organized philanthropy in Ohio and to enhance the ability of its members to fulfill their charitable goals.

#### The Institutional and Charitable Membership of the Community Foundation of the Mahoning Valley

The Foundation has two classes of membership. Our institutional membership includes Butler Wick Corporation, JP Morgan CHASE, KeyBank, NA, National City Bank and Sky Financial, Inc. Institutional membership is based upon maintenance of a business presence in the Mahoning Valley, experience of the institution in administration of charitable trusts and foundations, and degree of support and commitment to the Mahoning Valley and its people.

Charitable membership includes The Youngstown Foundation, The Community Corporation of Youngstown, Ohio, and the Youngstown/Warren Regional Chamber of Commerce Foundation.

Our Institutional and Charitable Members have provided financial support to the Foundation and have lent other support in a number of ways. They are also responsible for the appointment of the majority of the members of the Foundation's Board of Directors, ensuring that our Board is knowledgeable of all affairs concerning our community, represents the diversity of our area's rich traditions and history, and is representative of a number of differing entities. The Foundation is proud to be associated with some of our area's most well respected organizations and thanks them for their ongoing support.
